Projects

DigiBask- A custom software development and digital marketing platform. Performed SEO and handled their social media platforms. Also maintained their website.

DigiBask Training- An online and offline IT skills training provider.

Academic Project

Title: TEASON- Teacher-Student Social Network
etechinstitute.in/teason

Description: My Project is about solving all the hindrances we face when we want to learn a new skill. A student can easily hire a teacher of the skill they want to acquire or vice versa, through our platform.

Skills

- **Wordpress Development**
- **Digital Marketing**
- **PHP Language**
- **Front End Development**
- **Search Engine Optimisation**

Ran a sports blog for two years. Earned good amount of money through Google AdSense.

Training

Company Name: TechVulcan

Duration: 3 Months

Description: After completion of summer training we have learned technologies like HTML, CSS, BootStrap.

Also we have developed a responsive website named TEASON based on technologies like- HTML, CSS, BootStrap for front-end, PHP, MySQL for back end.
